## Tile Setter

### Description

We are seeking an experienced tile setter with attention to detail to set and install various types of tile.

Install tiles on interior and exterior surfaces. The work involves cutting tiles to size, adjusting them according to patterns and placing them precisely next to one another, using mortar to attach them to floors or walls.

### Responsibilities

- Cut tiles and shape them properly to ensure they fit around obstacles and in tight corners and odd spaces using power and hand tools
- Form tile beds using concrete, plaster, mastic, cement, glue or mortar utilizing tools such as screeds, brushes and trowels
- Align tiles and straighten them with straightedges, levels and squares to ensure patterns are even and precise
- Cut, install, polish and surface granite and marble and ensure accuracy during the installation process for lasting results
- Prepare various surfaces for tiling with waterproofing material or lath and by cleaning the surfaces properly
- Create decorative wall and floor designs by laying and setting mosaic tiles in kitchens, bathrooms and living rooms
- Tap tiles into place carefully using tools to properly adhere tiles to the base, making sure not to break or damage tiles
- Follow blueprints precisely and mark and measure surfaces that need to be tiled to determine how to go about jobs

### Qualifications

- Able to lift minimum of 50 pounds
- Excellent verbal communication skills
- Ability to work in all weather conditions
- Follow and maintain a safe work environment
- Maintain a clean, professional appearance
- Must be able to climb and work from ladders
- Ability to complete work on time with minimal supervision
- Ability to work on short notice is required
- Must not be under the influence of drugs or alcohol.
- Reliable Transportation capable of carrying tools and supplies to jobs. Pick-up truck or SUV preferred
- Must have valid drivers license
- Willing to work in San Antonio and surrounding areas.
